Upload a photo (or several) to show me what you have been doing today.

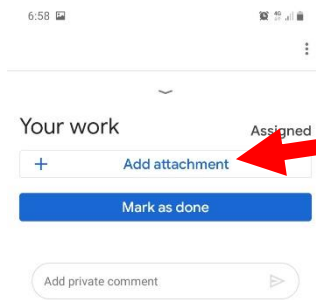

Your work Assigned

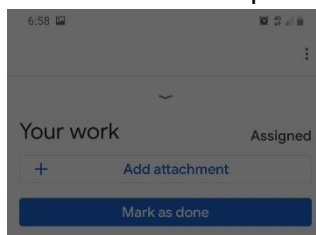

Add private comment

5. Press **Add attachment**

6. You have several options to add a photo.

Attach

- Drive
- Link
- File

Select **File** if you have already taken the photo and it is stored on your device.

- Take photo
- Record video

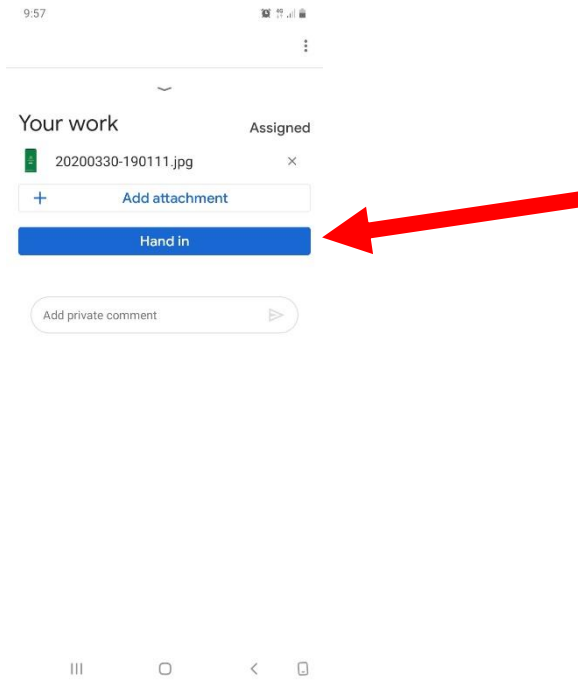

Select **Take photo** if you have not taken the photo yet.

Create

- New Docs
- New Slides
- New Sheets
- New PDF

Select **Record video** if you would like to upload a video of some reading, science experiment or something exciting you learned.

7. When you have uploaded your photo or photos and you are sure you will not be uploading any more for today, press **Hand in**.

8. Done.
