## Something to MAKE

# Shadow Drawing

Shadow Drawing is best done outside on a nice sunny day.

So, grab your hat and put on some sunscreen.

You will need :

- \* Some paper
- \* A pencil
- \* Something to cast a shadow  
*maybe a small teddy, a toy, a rock, a shoe*

- 1) Put the paper on a flat sunny spot
- 2) Place your teddy on the edge of the paper so you can see it's shadow
- 3) Using your pencil, trace around the shadow  
*(depending on how bright the sun is, will depend how dark your shadow is)*
- 4) Move your teddy away and To-Do you've made a drawing of the teddy's shadow.
- 5) Now you can leave it like that or you can use your imagination and some coloured pencils, crayons, paints *(which ever mum or dad says it's ok to use)* to turn it into a colourful picture.
